|                        |   |
|------------------------|---|
| Interpretation of Site | Heritage Inventory Interpretation: The sites size and location suggested it might have been a miner's residence. Although no artefacts were found to assist identification, it is probable that the site dates to the last half of the 19th century and there is a chance it may be associated with Chinese mining. |
| Hermes Number          | 10410   |
| Property Number        |   |
