History

Contextual History:History of Place:

Heritage Inventory History of Site:

The Mt Moran was the lowest mine on the Sunnyside field, and was worked by three adits. Total production from 1894 to 1915 was more than 7,500 oz. In about the 1930s, Cecil Cooper salvaged a winch from the Mt Moran mine site, which ended up at his Glen Wills battery.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
