Interpretation of Site

Site used for fellmongering, woolscouring an dtanning from 1849 to the 1950s when the site was abandoned due to fire. It is possible that there was a candlemaker prior to 1849.

Archaeological Significance

Above ground fabric indicates minimal or no distubance since contlagration in the 1950s to at least part of the site. Intact depostis covered on local silt during flooding of the Barwon River likely to contain a rich assemblage of artefacts representing 100 years of woolscouring and other related industries.

Historical Significance Woolscouring and related industries were an important part of Geelong's wool economy. The history of Woolscour Lane businesses were discussed in Cimmins; The particular business was unique to Geelong as it was the only wool scouring firm to use a manual washing system well into this century' Foster Marshall and James Munday were early owners of the business and tanners and woolscourers by trade.
