Statement of Significance

Last updated on - May 8, 2002

Significant as site of almost continuous cutting for more than sixty years.

Interpretation of Site	Earthworks from two sawmills identified about 50 metres apart. The easterly trench is 5.7 metres long and suitable to take the foundations for a spot mill. The second site consists of a 3 metre by 3 metre pit for a vertical breaking down saw with a 26 metre sawdust trench leading from it to the Avoca River bank.
