## Statement of Significance

Last updated on - April 9, 2002

Good example of the simplest, most ephemeral form of sawmilling in the Mullundung stringybark forests.

Interpretation of Site	THE SHALLOW TRENCH RAN BENEATH THE SAWBENCH FOR THE REMOVAL OF SAWDUST. IMPRESSIONS OF BEDLOGS INDICATE THE LIKELY USE OF A PORTABLE STEAM ENGINE. THERE IS NO SIGN THAT THE MILL WAS EVER ROOFED NOR THAT EMPLOYEES EVER LIVED AT THE SITE.
