Veterans Description for Public

The Tooborac WWI Memorial, located on the western side of the Northern Highway, was unveiled on April 25th 1921 by Major General Brand. The region had a high percentage of losses from local enlistments with seventeen not returning from the First World War. Almost £600 was raised by public subscription for the memorial. The memorial is comprised of a Digger statue and was created from the best Italian marble at a cost £530. The names of those who died in service were inscribed on one side of the column, with the names of returned district volunteers who served inscribed on the other side.
