### Statement of Significance

Last updated on -

LOCAL SIGNIFICANCE - INCLUDED IN HERITAGE PRECINCT

STATEMENT OF SIGNIFICANCE

Apart from the ground floor of the front facade the buildings and accompanying sheds have an excellent degree of integrity. It was built for the well known Geelong grocer, Lloyd Hooper and is one on the earliest of his stores. It is of local significance.

**POLICY RECOMMENDATION:** GRPS - A more sympathetic ground floor front facade and careful removal of the paint from the brickwork would greatly enhance the character of this building.

## Physical Description 1

132 Aberdeen Street is a two storey brick building set on bluestone footings and it has a corrugated iron hipped roof. Original windows can be seen on the upper floor and part of the ground floor. They are regular double-hung windows with shutters. The front windows have simple enframements and sills and the side windows have flat arched voussoirs and sill. Rendered quoining is on the wall where the roof line changes and at the wall angles. A solid parapet clearly establishes the front of the building.

*This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.*
