Heritage Listing

National Trust

Statement of Significance

Last updated on -

Contribution to landscape
Outstanding size of canopy

This Pepper Tree (*Schinus molle*) is of outstanding size with a trifurcated trunk. It makes a significant contribution to the landscape being visible from both the entrance to Deakin University and from Pigdons Road. It is a fine example of its species in the Geelong area

The tree is currently situated in the backyard of a mid 20th century farmhouse thought to predate the 1969 purchase of the land by TAFE.

Measurements: 11/11/2012
