Statement of Significance

Last updated on -

SIGNIFICANCE: »Focus for the Lutheran community of the region. The style and date of the church compliment the State Government Offices opposite.

STATEMENT OF SIGNIFICANCE

St Luke's Evangelical Lutheran Church

Corner Martin and Thompson Streets, (1958).

This building has regional significance for its architectural interest as an example of the International style, notable features being its use of glazed tiles and Castlemaine slate in the wall panels. It has historical importance

as a focus for the Lutheran community of the region and forms a church complex with the associated church hall at the rear (1939), an early manse at 46 Martin Street (1880) and a later manse at 12 Thompson Street (c1956).
([i]) At first the Lutherans met in the Temperance Hall in Gray Street but in 1939 a town Lutheran congregation was formed and a hall was built on the corner of Martin and Thompson Streets, which was able to be used as a church until a proper one was erected. The hall was moved to its present site in 1956. ([ii]) The new church was built in 1958. ([iii]) It is significantly intact and in excellent condition.

[i] Garden, Don, *Hamilton*, p 222, 231; *Hamilton Rate Book 1880*, No. 164 (W Irwin, owner/occupier, house, NAV 15 pounds) relates to 46 Martin Street, originally a private residence; *HSA DP No. 758* (relates to hall at rear and its relocation in 1956, the new church and manse).
