Physical Description 1

Located at the bend in Koolbirra Road, the Maryknoll Lawn Cemetery and Father Pooley Grave is a part open grassed and part native bushland allotment. Currently only the open grassed area contains memorials and graves.

The cemetery is entered by a wrought-iron asymmetrical gateway, defined by a chevron pattern pair of gates and segmental-arched portal bearing the name of the cemetery, 'Maryknoll Lawn Cemetery', and a recent weathered-timber post and rail fence.

A timber-framed gabled shelter and paved area has been dedicated to the founder of the settlement, the Rev. WA Pooley (d.1969), while other graves are marked with bronze plates set in the lawn; some plain and others ornamental.
