Heritage Listing

Cardinia Shire

Statement of Significance

Last updated on -

These bunya bunyas and oaks, most probably associated with the Kennelly family's dairy farm, are of significance to the Cardinia Shire because they provide evidence of the variety of early landscaping in the district. The old farmhouse was pulled down in the 1970s. These trees are also significant for their comparative age, their landmark quality and the added potential to interpret the house site historically, as well as their rarity among other plantings in the Shire. The former house yard site is also of potential archaeological significance.

Regionalsignificance

Heritage Study/Consultant	Cardinia - Cardinia Shire Heritage Study 1996, Graeme Butler & Associates, 1996;
Construction dates	1890,
Other Names	end Browning Road, Tynong South,
Hermes Number	29967
Property Number	

Physical Description 1

These two Bunya Bunyas (*Araucaria bidwilli*) and three English oaks (*Quercus robur*), plus other trees, are on south side of the road extension into a paddock. This may have been a house site?

Physical Conditions

The oaks appear stressed but the bunyas are in fair condition.
