Location

Ferrari Park, Midland Highway,, MOORoopna VIC 3629 - Property No T11091

Municipality

GREATER SHEPPARTON CITY

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - June 7, 2004

Outstanding size

Outstanding example of species

This is a very large and attractive example of *Eucalyptus microcarpa*. The tree's height, upright crown and excellent form are particularly outstanding. Although in good condition, there is a butt scar on the side near the fence. This tree is possibly one of the largest examples of Grey Box known in Victoria.

Eucalyptus microcarpa is locally abundant in grassy woodlands of the wheat belt through Qld., NSW, Vic. and S.A. where there are hot summers and an annual rainfall of about 380-630

Measurements: 10/1989
