Statement of Significance

Last updated on - July 20, 2004

Horticultural value
Contribution to the landscape

Rare or localised
Outstanding example of species

This tree is an outstanding example of a species rare in cultivation in Victoria. and has developed to an enormous size with excellent form. *Arbutus canariensis*, is native to the Canary Islands and this example is one of the finest ornamental trees in Victoria.

Other examples are known in the Colac Botanic Gardens and the Old Moss's Nursery site at Buninyong.
