Statement of Significance

Last updated on - December 14, 2005

Contribution to the landscape
Outstanding size
Curious growth form
Important landmark.

Known as "The Big Tree", located in the main Quadrangle, this is a beautiful and majestic old tree of unusual morphology, ie twin trunks fused together. It was planted as a seedling on Arbor Day ,23 May 1896, by Mrs Elizabeth Downing, who lived on what was then a farm and where she raised her large family. *E. globulus* mainly occurs as a forest tree in south-east Tasmania, in the Otways and at Wilsons Promontory. It was widely planted in the nineteenth century as a street tree, windbreak and in many historic parks and gardens, including Sturt Street, Ballarat.

Measurements: 08/06/1982

Spread (m): 36

Girth (m): 6.6

Height (m): 36
