Location

Colac Botanic Gardens, Fyans Street,, COLAC VIC 3250 - Property No T11495

Municipality

COLAC OTWAY SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - July 16, 2004

Contribution to historic garden
Outstanding example of species

The wide spreading rounded crown of symmetrical form and large height makes this tree a significant feature in the gardens. The species is uncommon in Victoria and this tree is the finest example known in cultivation. The species is distinguished by its large smooth leaves, oblique base and one side rounded and curving into a vein first.

The tree is located approximately in the centre of the gardens.

Measurements: 07/03/1990
