Statement of Significance

Last updated on - June 11, 2004

Tree which occurs in a unique location or context and so provides a contribution to the historic garden or park;
Rare or localised;
Outstanding size;
Outstanding example of species

An outstanding specimen of this attractive hybrid. A cross between *Brachychiton acerifolius* and *Brachychiton populneus*, the tree has an upright habit, shiny leaves and produces red bell-shaped flowers in summer. A second specimen occurs North West of the central fountain. Also known at Queens Park, however the species is uncommon in cultivation.

Located near Southern gate

Measurements: 02/09/1989
