Statement of Significance

Last updated on - June 11, 2004

Rare or localised

A native of the Canary Islands and Azores, this tree differs from the more common *Laurus nobilis* in its leaves are larger, twigs downy and fruits egg-shaped. This is an outstanding specimen which has grown into a very large tree.

Another specimen occurs along the drive of 'St Filians', Narbethong.

Located along main drive near turnaround.
