Location

Hamilton Botanic Gardens Cnr of French, Kennedy, Martin and Thompson Streets, HAMILTON VIC 3300 - Property No T11690

Municipality

SOUTHERN GRAMPIANS SHIRE

Level of significance

Demolished/Removed

Heritage Listing

National Trust

Statement of Significance

Last updated on - February 3, 2022

What is significant?

This is the largest known English Oak in Victoria for canopy spread and trunk circumference, although a specimen at Fernshaw is 28m high. The tree is a major feature in these gardens. The tree underwent tree surgery in 1985 when a cable was inserted to prevent the possibility of the trunk splitting.

How is it significant?

Contribution to landscape

Outstanding size

Outstanding example of species

Why is it significant?

Measurements: 02/1987

Spread (m): 32

Girth (m): 4.55

Height (m): 22.5

Estimated Age (yrs): 120

Condition: Good

Measurements: 18/05/2003

Spread (m): 33

Girth (m): 4.55

Height (m): 29

Estimated Age (yrs): 136

Condition: Good

Access: Unrestricted

Classified: 12/02/1987

Removed in 2017
