National Trust

Statement of Significance

Last updated on - July 1, 2004

Contribution to landscape in historic location
Outstanding size
Aesthetic significance
Outstanding example of species

A very fine specimen located in a private garden adjacent to the main road. It is the only known example in Walhalla. *Magnolia grandiflora* is native to the south-eastern United States. In the wild, it is found on the edges of bodies of water and swamps. In more sheltered habitats, it grows as a large tree, but can be a low shrub when found on coastal dunes.

Measurements: 05/1985
