Statement of Significance

Last updated on - July 12, 2005

Horticultural value
Contribution to landscape
Particularly old and venerable
Outstanding size
Associated with Aboriginal activities

This tree located between the two properties is the largest known in the area and possibly one of the oldest at around 500 years old. There are unidentified scars on the tree and it is in the vicinity of known scar trees used by local Aborigines.

This tree is situated on the banks of Burnt Creek within the town boundary.
