Physical Description 1

A substantial three storeyed late Victorian factory with main Italianate polychrome facade to Nicholson Street and secondary red brick facade to Mollison Street. The main entrance off Nicholson Street has dressed bluestone dressings with rusticated and incised ornamentation. Sills are bluestone, vent faces to window spandrels cast iron. The lower level windows have segmental heads and the upper level round arched. The main facade is subdivided into smaller elements by means of five slightly projecting break front bays with tri-partite windows. The parapet has stuccoed ornamentation with brackets and lions heads.

Inside, the main building has bluestone stair with iron railings, part removed, cast iron columns with decorated brackets and iron roof trusses with Baltic pine linings. Fire door are solid riveted iron plate. Two lantern roofs are situated in a single storeyed section to the south end. The boilers are gas fired exhausting to a round chimney stack (Ward).
