Statement of Significance

Last updated on - August 18, 2004

The shops at 88-98 Napier Street, St. Arnaud is **historically** and **architecturally** significant at a **CONTRIBUTORY** level. It is associated with commercial developments in St. Arnaud in the early twentieth century and demonstrates some important design qualities. These qualities include the rendered parapet with string course and incised panels, the remaining unpainted red brick chimney, the remaining section of skillion street verandah with corrugated galvanised roofing, and some remaining sections of cast frieze and brackets. Although possibly a later alteration, the deep blue and red shopfront tiles and brass shopfronts contribute to the streetscape.
