Heritage Study/Consultant Ballarat - Ballarat Conservation Study, Jacobs Lewis Vines Architects, 1978;

Hermes Number 123597

Property Number

Physical Description 1

This timber house is interesting for its unusual facade with two bay windows and awkward rectangular canopy over the arched entranceway. The bay window lights are divided by slender timber columns supporting a plain frieze which may have had decoration removed. The combination of unusual details on an essentially plain house makes this building of interest as part of the character of Ballarat.

Intactness

INTACTNESS:

substantially intact

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
