Veterans Description for Public

The Calivil War Memorial, in the grounds of the sports centre, was established on May 5th 1920 to commemorate the First World War. The memorial cost £400 which was raised by public subscription. It comprises of an imposing granite structure on a stepped bluestone base. The plinth is axe finished with tooled margins surmounted by a dressed granite skirting to a polished granite block having an incised dedication panel and honour roll featuring fifty names of local residents. The superstructure is in a simplified temple form with pink granite columns supporting a pedimented granite roof with the insignia of the Australian Commonwealth Military forces and the initials AIF.

A local newspaper article of the day described the memorial as having a miniature bronze canon. However the canon was removed during the Second World War and is held by a local organisation for safe-keeping.
