Statement of Significance

Last updated on -

Significance of Individual Property

One of several late Victorian era houses which represent the first major period of development in the precinct. The house is mostly intact externally.

HO264 Balwyn Road Residential Precinct, Canterbury

Reference - *Balwyn Road Residential Precinct, Canterbury: Stage 2 Heritage Precinct Review* (August 2006)

The Balwyn Road Residential Precinct is of historic significance because the pattern of development reflects that of Boroondara generally. In much of Boroondara one or two periods might be represented in any one precinct, however in the Balwyn Road Residential Precinct all periods are nearly equally represented. As such, the precinct is a microcosm of the broad sweep of development across the City. The relative consistency in the allotment width and/or size across the different phases of development serves to unify the precinct.

There are historical associations with several eminent families (Danks, Goldings, Marfleets, McAlpins, etc). Of further interest is the profile that some residents have had at a broader level (either State, national or international) and the manifold connections between various residents within the precinct and the City of Boroondara.

The Balwyn Road Residential Precinct is of aesthetic significance for the many high quality buildings, some of which are of individual significance at the broader level, and others that are generally good examples of their architectural style. The buildings are remarkably intact to their period of construction and have been well maintained. There has been limited change of building stock. A high proportion of the buildings have been architect designed. Although there are a range of styles evident, there is a consistency in scale and setbacks.

The extensive and well maintained landscaping both to the street (with trees and wide reservations) and the private gardens provides a level of cohesion. One of the gardens (no. 17) is a rare example of a late nineteenth century intact suburban garden. In addition, some of the early road and paving infrastructure is intact.

Physical Description 1

A single storey asymmetric house with an offset verandah of timber posts and cast iron frieze. The hip roof is clad in patterned slate. The walls and chimneys are rendered and painted. There are decorative brackets to the eaves and the verandah floor is tiled. There are substantial additions to the rear.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
