Hermes Number	154447
Property Number	

Physical Description 1

"This substantial single-storey building occupies a corner site at the intersection of High Street and Malvern Road. It was originally constructed as two individual tenancies which have since been consolidated. The larger of the two, with a long frontage to Malvern Road was designed for Mr Knaggs. The building employs a simple design in which boldly expressed pilasters regulate an otherwise plain facade. The original window joinery has been replaced in modern materials but the building nonetheless retains the character of a c. 1930 commercial development. The verandah to the southern side of the building appears to be a recent addition although building plans held in Stonnington Council Archives show a verandah as part of the original development"

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
