## Physical Description 1

"This red brick building combines a pair of retail tenancies. It is finished in red brick with contrasting clinker brick to boldly modelled parapets and upper floor windows. The arrangement of these windows suggests that the building comprises two main floors and a habitable attic space above. Unfortunately, one of the first floor windows has been replaced, destroying the symmetry of the window grouping. The shop was constructed c. 1925 and a residence added to the rear of No 1525 in 1931 for W. Donaldson. Parts of the shopfront installed by the Thomas Duff Co in 1934 appear to survive. Plans for these later additions are held in the Stonnington Archives."
