Physical Description 1

"The single-storey building at 1614 High Street has been remodelled to recreate the appearance of a nineteenth century, retail establishment. The timber parapet, the glazed shopfront and the verandah featuring cast iron lacework are an unfortunate addition to the otherwise intact streetscape. Nonetheless, the building is respectful of the scale and massing of the remainder of the street. Unaddressed plans held in the Stonnonigton archives appear to describe this building prior to refurbishment. It was designed for Mr Wilson c.1932 "
