Contribution to landscape
Particularly old

Outstanding size
Aesthetic significance
Outstanding example of species

There is no other *Erythrina x sykesii* on the Register. This tree is large for its type and in excellent condition. It is estimated to be 120 years old and is thriving in this isolated site.

Erythrina x sykesii is a medium sized deciduous tree with knobby grey-green bark, numerous small triangular rose-like thorns and red flowers.

According to local history books, the original township and hotel in Mallacoota was founded in the 1880s. It is believed that this tree was planted by the original owners of the hotel at around the same time.

Accessibility to the site is by boat.
