Physical Description 1

The complex of timber building parts are clad in weatherboards and the hipped and gabled roof of the residence is clad in slate. To the east of the house is an attached building (a former shop) with a hipped roof clad in corrugated iron. There is an interesting outbuilding at the rear. Numerous alterations give the premises a poor degree of integrity.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
