
Eucalyptus mannifera ssp. mannifera

T12231 E mannifera sp.
mannifera

Location

Former Mayday Hills Hospital, Albert Road, Beechworth, INDIGO SHIRE

Municipality

INDIGO SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on -

Contribution to landscape of historic garden
Remnant vegetation
Outstanding size
Aesthetic value
Outstanding example of species

This is one of a remnant group of 12 specimens in the lawn surrounding the heritage chapel. Mayday Hills Hospital was developed as the Beechworth Lunatic Asylum in 1864-67 with gardens and grounds laid out at this time and rejuvenated since 1913. The collection of mature trees and plants is exceptional with many dating from the mid to late nineteenth century and others from the post 1913 work of Hugh Linaker and later curators. The efforts of grounds staff over the

decades has created a succession plan that extends beyond the lifespan of the 19th century plantings. It has become one of the top 5 collections of trees in Victoria (*John Hawker*)

Measurements: 18/07/2013
Height (m): 28
Canopy Spread (m): 20
Girth (m): 2
Estimated Age (yrs): 100
Condition: Good

Access: Unrestricted
Classified: 05/03/2014

Other Names Brittle Gum, Red-spotted Gum,

Hermes Number 196551

Property Number
