Memorial Window Description & History

The Chapel of Our Lady Star of the Sea was designed by PJ O'Connor and Brophy and built by WA Medbury as a memorial to 'those men of the Royal Australian Navy who gave their lives in World War I and II'. The Foundation stone was blessed the Melbourne's Archbishop, the Most Rev. D. Mannix DD, LLD, on 6 October 1946. The builder ordered windows from Brooks, Robinson & Co. in March 1948, most to be made of 'amber quarries with a green outside border and a ruby inner border' with emblems inset, as was the case for this group in the north nave that each measured approximately 63 x 19 inches. The image is representative of the windows in the Chapel's nave.

HMAS *Parramatta*, the second of four RAN ships by this name, was a Grimsby class sloop (as was the *Yarra*) that operated in the Red Sea and Mediterranean during the Second World War until it was sunk off Tobruk on 27 November 1941 by *U559*.
