Physical Description 1

Shallow sinkings with mullock heaps between one and two metres in height spread across a width of about 100 metres and extending across Rayners Road in a north-north-westerly direction for over a kilometre. The heaps on the north side of the road are better formed and less disturbed than those on the south side. The heaps are well-rounded and weathered, but the workings remain well defined.

Physical Description 2

The Elysian Flat Mining Heritage Area is bounded on the south-west by Weaver Road, on the south-east by Aldridge Road, on the north-west by Rayners Road, on the north-east by Rayners Road and its extension along property boundaries for a distance of about 400 metres, then west and finally south to Elysian Flat Creek, south along the Creek to Rayners Road and then east to its junction with Weaver Road.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
