National Trust

Statement of Significance

Last updated on - January 1, 1900

December 2019: This tree has been removed.

This Cork Oak (*Quercus suber*) is significant for aesthetic and scientific reasons at Regional level. This tree is a feature when driving toward Melbourne, making a contribution to the surrounding landscape. This Cork Oak is an outstanding example of the species, with a well rounded canopy that extends to ground level, an unusual feature. The tree is in good condition with outstanding form.
