
Quercus robur 'Fastigiata'

Location

Great Alpine Road Myrtleford, ALPINE SHIRE

Municipality

ALPINE SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - January 1, 1900

What is significant?

This Upright English Oak grows in a roadside reserve on Great Alpine Road, Myrtleford.

How is it significant?

This Upright English Oak is significant for scientific and social reasons at the Regional level.

Why is it significant?

This Upright English Oak is an outstanding example of a species rarely cultivated in Victoria. A stand-alone specimen located in a roadside reserve along the south-west corner of Myrtleford Pine Plantation, the height and uniform growth of this Upright English Oak makes a significant contribution to the landscape. There is one other Upright English Oak in the Register with a comparable height (T11624 in Mount Macedon, 23m), however this tree is in far better condition.

Condition: Good

Tree Type: Individual

Circumference: 1.9m

Height: 22m

Canopy spread: 4m

Height method: Instrument

Circumference method: Tape Measure

Date of measurement: 16 October 2019

Age of tree: approximately 87 years (planted circa 1933)

Other Names Upright English Oak,

Hermes Number 207083

Property Number
