Why is it significant?

Interpretation of Site

This large parcel of land has been used exclusively for grazing for many years. Most of the mining activities in this area were phased out in the 1880s. Many of the sites were identified by David Bannear in the 1993 report, however as this is private land and undeveloped it appears the individual sites were not catalogued and the following overlays were placed on the land: FARMING ZONE (FZ) SCHEDULE TO THE FARMING ZONE (FZ) TOWNSHIP ZONE (TZ) SCHEDULE TO THE TOWNSHIP ZONE (TZ) Planning Overlay: BUSHFIRE MANAGEMENT OVERLAY (BMO) ENVIRONMENTAL SIGNIFICANCE OVERLAY (ESO) ENVIRONMENTAL SIGNIFICANCE OVERLAY - SCHEDULE 5 (ESO5) HERITAGE OVERLAY (HO) HERITAGE OVERLAY - SCHEDULE (HO1015)
