Location

996 HEPBURN-NEWSTEAD ROAD YANDOIT, HEPBURN SHIRE

Municipality

HEPBURN SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - July 18, 2023

What is significant?

A two stemmed River Red Gum located on a VicRoads owned roadside on Hepburn-Newstead Rd in Yandoit. The tree is adjacent to the property on 600 Limestone Road, Yandoit along the Hepburn-Newstead boundary just north of 996 Hepburn-Newstead Rd.

How is it significant?

This River Red Gum is significant for aesthetic reasons at the Regional level.

Why is it significant?

This River Red Gum is aesthetically significant for its unusual form. In the large branches of the wider stem there are multiple, natural forming, mature cross-grafts (multiple branches fusing together) creating circle forms. The largest graft is particularly unusual and most aesthetically significant.

Measurements: 03/12/2021
