Statement of Significance

Last updated on -

C Listed - Local Significance

SHORT PIER - CLIFTON SPRINGS

STATEMENT OF SIGNIFICANCE:

The site consist of timber uprights (piles) of a once 603 foot (c109 metre) long jetty, at Clifton Springs. The jetty was constructed between July 1872 and March 1873 by contractor Mr. J King at a cost of ?885.

The Short Pier has historic and social significance as part of the early settlement of this area, reflecting the importance of water transport to the communities around the Bellarine Peninsula. The site has the potential for scientific significance in terms of Maritime Archaeology. Cultural material relating to vessels which used the Short Pier is likely to be present along the length of the pier. The pier is also an earlt maritime structure relating to the settlement and economic history of this part of the Bellarine Peninsula.

It is of LOCAL cultural significance.
