Local Themes

1.04 - Historic planted landscapes

Physical Description 1

A windrow of Cypress (probably *Cupressus macrocarpa*) along High Street, Lower Templestowe between Jean and MacRobertson Streets. The trees form an incomplete 'avenue' of trees in private gardens. On the west side, some trees are clipped to form a hedge, while others are seriously disfigured by cutting of clearance for SEC services. Future road reconstruction will require removal of overhanging branches.

Integrity

Integrity Not known

Physical Description 2

Threats Future roadworks.
