Physical Description 1

Simple symmetrical timber cottage, with gabled roof, front verandah (now enclosed) and rear skillion set close to Hooper Road. The corrugated iron roof retains ogee spouting and 12-paned, double-hung sash windows remain. The windows in the verandah (see photograph) are later and relate to the enclosure of the verandah. There is a rectangular vent in the gable end.

The form of the building suggests it may be a rare former Type 30 school; if so it would be 22 ft.
