Physical Description 1

93 Westbourne Grove is an asymmetrical timber block-fronted Italianate villa with a return, concave roofed cast-iron verandah. The hipped slate roof has a bracketed eaves. A semi-octagonal bay window faces the street. Windows are double-hung sashes with timber moulded architraves. The tall brick chimneys are rendered with moulded caps. Rare iron cresting survives on the ridge.

Alterations include the replacement of the original front fence and the removal of the cast-iron verandah frieze work in the early 1980s.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
