Heritage Listing

Victorian Heritage Inventory

Interpretation of Site

The first telegraph station was located at the corner of Aitken and Kanowna Streets during the 1850's. It was later moved to Morris Street and moved again to the corner of Cole and Parkers Street in the 1860's after the postal service and telegraph station were amalgamated in 1862.

The site has archaeological potential to produce evidence relating to the use and occupation of the place.
