Statement of Significance

Last updated on - July 10, 2008

State significance.

Interpretation of Site	The site is a very strong visual one, communicating the operations of a large open cut coal mine of the mid 1900s.
Other Names	WENSLEYBRAE,
Hermes Number	34902
Property Number	

History

The Wensleydale Mine was opened in 1921 when small tunnels were put in to the seam. Open cutting was then carried out until 1935. It was reopened in 1943, and after WWII operations were greatly expanded. The mine closed in 1959 after producing about 3 million tons of coal.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
