Statement of Significance

Last updated on -

The former James Drysdale property site is of local historical and archaeological significance. It has a high level of archaeological potential to provide evidence relating to the site's occupation from the 1850s.

Interpretation of Site Former house sites dating to 1850s.

Hermes Number 35152

Property Number

History

A homestead was constructed on the site during the early 1850s. In 1891 the Yea to Mansfield railway line was constructed through the property to the west. Railway Department plans dating to February 1887 indicate the location of the property and associated structures in relation to the rail line.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
