Physical Description 1

"This impressive structure was designed by noted local architect, Walter Mason for solicitor, Ronald Stewart in 1938. It draws inspiration from Tudor sources, typified by its half timbering, steeply-pitched slate roof and dark-painted joinery. Although this building is stylistically removed from others in the review area, it contributes, nonetheless, to the character of the street through its massing, its scale and its setback."

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
