Statement of Significance

Last updated on - January 1, 2008

Although the adjacent houses vary in integrity, 249 Moreland Rd is the only one to have had its balcony enclosed. The original fence has been replaced by a cream brick fence. The terrace as a whole is of regional significance as one of the furthest north and most impressive examples of this type built in the northern suburbs of Melbourne in the late 19th century (Hubbard 1991).
