Residential

Physical Description 1

The c.1960 house at 65-67 Brisbane Street, Berwick is a long brick residence with a galvanised steel vertical panel double pitched gabled roof. The house is located on a site that slopes away from the house with an established garden, including a number of mature camellias.

The house is constructed from cream brick, with a random stone chimney/s. The house has a number of elegant simple details included strip windows, which run the length of the house, and decorative carved boards under the eave line.

The house may be architect designed.
