Statement of Significance

Last updated on - June 28, 2004

Significance

These two notable Kurrajongs ('Brachychiton populneus') at the front of the property are of significance to the City of Casey because of their rarity and the pairing either side of the entry path.

The house, although altered in detail, is of potential local significance, being probably associated with the noted Cadd family, early Cranbourne pioneers, along with the remnant Hawthorn hedges which also evoke the nineteenth century.

Physical Description 1

Description

This is a timber hipped and gabled roof house with a verandah, Hawthorn hedges and two notable Kurrajongs ('Brachychiton populneus') at the front, distinguished by their rarity and pairing either side of the path.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
