Statement of Significance

Last updated on - August 3, 2005

Church Statement of Significance: An Early English church design of 1864 with Decorated Gothic extensions of 1884, including the sanctuary with the Catto memorial window and intersecting cusped arcading of the wainscot - one or both sections are attributed to Vahland & Getzschmann. The organ, built in 1878 by George Fincham, has spotted metal facade pipes.

Church Classified Local: 01/09/1998

Organ Statement of Significance: A two-manual organ of 13 stops built in 1878 by George Fincham and remaining virtually intact apart from the introduction of electric blowing, retaining its original mechanism, pitch and cone-tuned pipework. The instrument is of special significance for its impressive three-tower case containing spotted metal pipes and its generous tonal design which includes a Mixture and Cornopean stop on the swell division.

Organ Classified: 01/10/1990

Revised: State 03/08/1998

Organ only classified by Heritage Victoria (H1281)
