Wilson Street, WEDDERBURN VIC 3518 - Property No B2765

Municipality

LODDON SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - August 3, 2005

An Early English Gothic church of 1866, which is attractive in its use of the local sandstone as coursed rubble, and is supposed to have been designed by the local clergyman, William Hall. The chancel of 1909 is sympathetically designed, notwithstanding the somewhat idiosyncratic decorated Gothic tracery of the East window, and it is included in the classification.
